## My Main Street Local Business Accelerator Program Ultimate Recipient List

The Economic Developers Council of Ontario (EDCO) is proud to announce its support for main street small businesses located across 65 southern Ontario communities as part of the My Main Street program, which was implemented to help revitalize business communities through hands-on support and one-time payments. EDCO received \$6.5 million as part of an overall \$23.25-million investment from the Government of Canada, through the [Federal Economic Development Agency for Southern Ontario](#) (FedDev Ontario), to deliver non-repayable contributions of \$10,000 to each of the participating businesses.

### Projects:

Funding recipients leveraged the My Main Street community ambassadors, market research reports and contributions to launch or expand their businesses by investing in equipment, leasehold improvements, external façade renovations, inventory, technology and marketing.

## Liste des bénéficiaires ultimes du programme Accélérateur des entreprises locales « Ma rue principale »

L'Economic Developers Council of Ontario (EDCO) est fier d'annoncer son soutien aux petites entreprises des rues principales de 65 communautés du sud de l'Ontario dans le cadre du programme Ma rue principale, qui a été créé pour aider à revitaliser les communautés d'affaires grâce à un soutien pratique et à des paiements ponctuels. EDCO a reçu 6,5 millions de dollars dans le cadre d'un investissement global de 23,25 millions de dollars du gouvernement du Canada, par l'intermédiaire de l'Agence fédérale de développement économique pour le Sud de l'Ontario (FedDev Ontario), afin de verser des contributions non remboursables de 10 000 dollars à chacune des entreprises participantes.

### Projets :

Les bénéficiaires du financement ont su tirer parti des ambassadeurs des communautés du programme Ma rue principale, des rapports d'étude de marché et des contributions pour lancer ou développer leurs entreprises en investissant dans l'équipement, les améliorations locatives, la rénovation des façades extérieures, les stocks, la technologie et le marketing.
